a positive difference ?

All of the above ?

# Join the Ladies Committee!

We are a group of women who have been organizing a series of delectable dinners for the members of Hudson Yacht Club since 1902!

## What does it mean to be a on the committee?

Committee members meet a few times over the year where we plan upwards of 8 events (5 Wednesday night dinners, an opening event, a senior's luncheon, and a family dinner). Each event is organized by two experienced committee members; planning the menu, the decor, and assembling a team of volunteers.

In addition to getting involved in the Club and providing a great service to the members, working on the Ladies Committee event is fun! At the end of the night, after you have served your happy fellow Club members, you sit down with your volunteer team and celebrate your achievement.
